

Maxtor Shared Storage Drive

NETWORK STORAGE

200GB 300GB

HIGHLIGHTS

- Add storage and share files, photos, and music
- Access files from multiple PCs simultaneously
- Easy installation with automatic network configuration
- Set privacy levels for shared folders with easy browser interface
- Exclusive Drag and Sort™ file organization
- 2 USB ports let you add shared printers or hard drives
- Automatic power management
- 100Base-T / 10Base-T Ethernet connection

Shared storage for small office and home network

The Maxtor Shared Storage Drive lets you easily centralize, organize and share family photos, music and data on a home or small office network. Installation is simple—just plug it into your router via Ethernet and the automatic configuration seamlessly integrates into small office and home TCP/IP-based networks.

The Quick Start CD sets up the Shared Storage Drive to look like a local drive on the configured PC as well as automatically placing an icon on the desktop for easy access to public and private network folders with a single click.

Organizing documents on the drive is also a breeze. Just drag your files onto the special shared desktop icon where the Maxtor exclusive Drag and Sort™ feature automatically sorts the files based on file type and places them into specific music, photo, video or data folders on the Shared Storage Drive.

An easy to use web browser interface makes assigning full access (public) or limited access (private) levels to your folders on the Shared Storage Drive simple.

Two USB ports are included on the drive to connect and share two USB printers, two additional external hard drives, or one of each.

Specifications

Technical

Capacity (model numbers):

- 200GB (H01P200)
- 300GB (H01R300)

Cache buffer:

- 16MB—300GB
- 8MB—200GB

Client computers:

- Windows PC

LAN standards:

- IEEE 802.1, IEEE 802.3u

Connectivity:

- 1 - 10/100 RJ-45 Ethernet
- 2 - USB 2.0 port for expansion, including USB printers and external hard drives

Performance

Ethernet transmission speed (maximum):

- 100Mbps/10Mbps

Average seek time:

- ≤ 9.0 ms

Bus transfer rate (maximum):

- USB2—480 Mb/sec

Environmental

Operating temperature: 5° C to 35° C (41° F to 95° F)

Physical

Dimensions: 1 5/8 x 5 1/2 x 10 11/16 inches (41 x 140 x 271 mm)

Weight: 3.7 lbs (1.7 Kg)

Power Requirements

AC Input Voltage: 100–240 VAC

Input Frequency: 47–63 Hz AC

Shared Storage Drive—Management Interface

Run Setup Wizard

Set up language, date, time, and administrator account.

Accounts Management

Set up or modify accounts and access privileges.

Shared Folders Management

Create or modify shared folders and set access privileges.

Advanced Settings

Set up date and time, modify network settings, and use disk utilities.

System Status

Obtain a quick status on users connected, USB 2.0 storage devices and printers attached, and settings.

Included in the box

	Shared storage drive
	Ethernet cable
	External AC power adapter
	Quick Start CD
	User's guide
	Maxtor limited warranty

Minimum System Requirements

- Windows® 98SE, Me, 2000, XP
- Wired or wireless router with an available 10/100 Ethernet RJ-45 port
- Internet Explorer 6.0 or higher for management interface of Shared Storage Drive
- Internet connection for updates
